

# FINANCIAL AID AND EDUCATION ABROAD

Financing your education abroad can be confusing, but both the Center for International Programs and the Office of Financial Aid (FA) are here to help! Please use this reference guide as you work to fund your program.

## **AM I ELIGIBLE FOR FINANCIAL AID TO PAY FOR MY EDUCATION ABROAD?**

Financial Aid is comprised of the scholarships, grants, and loans that you qualify for based on need and/or merit. Many aid opportunities require that you submit a completed FAFSA form each year before March 1. As a general rule, **students are eligible for two semesters** of financial aid eligibility per academic year (i.e., Fall, Spring, and the following Summer term). Additional funding may be available via the Federal Parent PLUS loan or private loans. **Please meet with a Financial Aid Counselor to discuss your options, today!**
