SUMMER STUDY ABROAD PROGRAM

Germany is a true European powerhouse in politics, economy, and culture. Based in **Augsburg**, this program includes day trips and extended site visits integral to student learning. Overnight stays in **Prague** (Czech Republic), **Vienna** (Austria), and **Berlin** allow students to gain a unique understanding of economic integration and the particular financial and management challenges of European unity. In Berlin, visits to the Berlin Wall and the German History Museum show German efforts to coalesce as a nation-state. In addition, students will experience Germany's rich cultural history through concerts in historic halls, opera houses, and churches, and have the opportunity to compare this culture and history to experiences in Prague and Vienna.
