## SUMMER STUDY ABROAD PROGRAM

Come explore Ireland with fellow Flyers! Choose from three courses examining the rich and complex history, traditions, and cultures of Irish peoples, past and present. The courses in English, Religious Studies, and Sociology will guide student learning through interactions with people and places in Belfast, Dublin and surrounding areas. Whether in the countryside exploring ancient monastic ruins or engaging individuals living and working in the vibrant global cities of Dublin and Belfast, students will inhabit living classrooms—laden with history, rich in diversity, but also fraught with conflict centered on cultural and religious identities. Together, faculty and students will explore popular and less well-known sites in the Emerald Isle.
